

Take your digital content to new heights.

Keep your budget grounded.

Access and share millions of popular digital resources with your users.

The ultimate digital content platform for your users to read, listen, and watch on is here: CloudLibrary. Now ebooks, audiobooks, newspapers, magazines, comics, and streaming videos are just a click away in one easy-to-use app. With CloudLibrary, libraries can seamlessly manage and instantly extend and diversify their collection, all without compromising their budget.

CloudLibrary at a glance.

Seamless access

- **Easy integration:** Integrate seamlessly to existing library systems with our simple setup process.
- **Anywhere, anytime:** Enable users to access your library's collection when, where, and how they want.

Extensive collection

- **Diverse selection:** Provide a wide range of ebooks and audiobooks, customizable to your community's unique needs. Plus, there's also unlimited and always available newspapers, magazines, comics, and video streaming content.
- **Simple browsing:** Users can search by title, author, or genre to easily find digital content.

Empowered sharing

- **Intuitive collection-building:** Use our intuitive tools to expand and customize your digital collection to better serve your users.
- **Collaboration and sharing:** Easily create and share collections with other participating libraries through our CloudLink feature, giving your users access to an even broader range of content.

Effortless borrowing

- **One-click borrowing:** Make borrowing easy for your library users, who can check out titles with just one click.
- **Automatic returns:** Manage inventory easily and give users peace of mind with automatic returns at the end of the borrowing period.

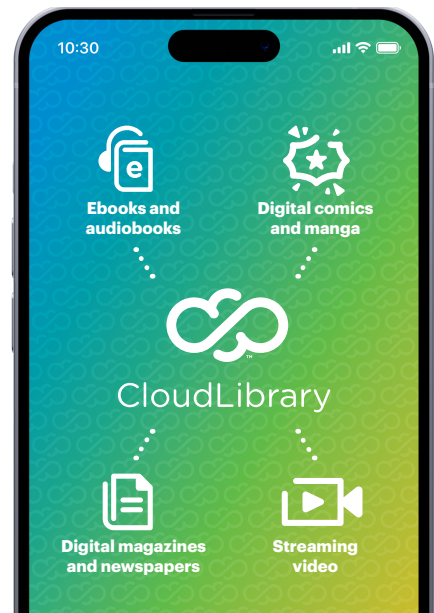

Engaging experience

- **Curated lists:** Use featured collection lists, made by our team of librarians, to make buying easy and help you keep your users engaged with fresh, relevant content.
- **Digital reading and listening:** Consume ebooks and audiobooks on most any device, making your library's offerings more accessible and convenient to your library users.

With CloudLibrary, the sky's the limit.

With CloudLibrary, every click is a pathway to infinite possibilities to explore—possibilities that inspire users to create new experiences to savor. The intuitive, user-friendly app and website make it easy for users to access digital content. Cost-effective pricing options allow libraries to maximize their budgets and provide broad access to all library users.
